SECTION 1 –SPECIAL PROVISIONS

1.1 DEFINITIONS

As used throughout the document, the following terms shall have the meanings set forth below unless otherwise indicated:

- (a) **"Delfasco"** means Delfasco, LLC acting through its duly authorized Procurement Representative as noted on the Purchase Order, who is the only person authorized to direct the efforts of the Subcontractor
- (b) **"Subcontractor"** means the Offeror, Seller, individual, partnership, corporation, or association contracting to furnish the described Articles.
- (c) **"Articles"** refers to the goods, products, supplies, parts, assemblies, or other items constituting the subject matter of the Subcontract, which are to be furnished by Subcontractor to Delfasco.
- (d) **"Lower Tier Subcontract"** except as otherwise provided in the Subcontract, means all contracts placed by the Subcontractor or lower tier Subcontractors for the specific purpose of performing any portion of work under the Contract, and includes, but is not limited to, purchase orders, changes, and modifications thereto.
- (e) **"DeliveryDate"** means the date of receipt at destination, not ship date, irrespective of Free on Board (FOB) point.
- (f) **"Prime Contract"** shall mean the Delfasco contract under which the Articles delivered by Subcontractor are sold to Delfasco's customer. "Prime Contract" may include subcontracts awarded to Delfasco.

1.2 TERMS AND CONDITIONS

Delfasco objects to, and is not bound by, any term or condition, which differs from or adds to the Subcontract unless accepted by Delfasco in writing. Subcontractor shall be deemed to have assented to all terms and conditions herein if Subcontractor begins performance or transmits acknowledgement of the Subcontract by written or electronic means to Delfasco.

1.3 PRECEDENCE

All documents and clauses in the Subcontract shall be read, to the extent practical, so as to be consistent. In the event of conflict, the order of precedence for the Subcontract is:

- (a) The Purchase Order
- (b) Section 1
- (c) Section 2
- (d) Section 3 if applicable
- (e) Any other documents specifically incorporated into the Subcontract.

1.4 SCHEDULE

- (a) Subcontractor shall strictly adhere to the Subcontract's scheduled delivery date(s), or completion schedule(s) as set forth on the Delfasco's Purchase Order. Subcontractor shall not deliver Articles more than fifteen (15) calendar days prior to the scheduled delivery date unless authorized in writing by Delfasco. Articles delivered to Delfasco in advance of schedule as set forth on the PO and without written authorization may be returned at Subcontractor's expense and without any obligation to Delfasco.
- (b) In the event of any anticipated or actual delay in the performance of the Subcontract, Subcontractor shall:
 - (1) Promptly notify Delfasco in writing of the reasons for the actual/anticipated delay and the actions being taken to overcome or minimize the delay.
 - (2) Provide Delfasco with a proposed, revised delivery schedule.
 - (3) If Delfasco requests, Subcontractor shall, at Subcontractor's expense, ship via air or other expedited routing to avoid the delay or minimize it as much as possible.

- (4) Subcontractor agrees to flow down this provision to its Lower Tier Subcontractors, and promptly notify Delfasco when there are anticipated or actual delays at a Lower Tier Subcontract level that could affect performance under the Subcontract.
- (5) Notification shall not be construed to relieve Subcontractor of its obligation to comply with the Subcontract delivery requirements.
- (c) At its sole discretion, and without waiving any other remedies available to Delfasco, Delfasco shall be entitled to either an equitable price reduction for late deliveries, or the right to terminate the Subcontract for default for late deliveries. Failure of the Parties to reach agreement on an equitable price reduction shall be a dispute under the **DISPUTES** clause at Section 1.6. Subcontractor has a duty to continue performance under the Subcontract pending resolution of all disputes.

1.5 CHANGES

- (a) Delfasco may at any time, by written order, and without notice to sureties, if any, make changes within the general scope of the Subcontract with respect to any one or more of the following:
 - (1) Technical requirements and descriptions, statements of work, drawings, designs, or specifications;
 - (2) Method of shipment or packing;
 - (3) Place of delivery, inspection, acceptance, or performance;
 - (4) Reasonable adjustments in quantities, delivery schedules, or both; and/or
 - (5) Amount of Delfasco – furnished property.Subcontractor shall comply immediately with such directions.
- (b) If such change increases or decreases the cost or time required to perform the Subcontract, Delfasco shall make an equitable adjustment in price or schedule, or both, to reflect the increase or decrease. Delfasco shall then modify the Subcontract to reflect such adjustment.
- (c) Subcontractor shall submit any "Request For Equitable Adjustment" (hereafter referred to as "REA") under this Section within thirty (30) calendar days from the date of receipt of the written change order. Delfasco, at its option, may receive and act upon a proposal submitted later than thirty (30) calendar days but before final payment of the Subcontract.
- (d) If Subcontractor's proposal includes the cost of property made obsolete or excess by the change, Delfasco shall have the right to prescribe the manner of the disposition of the property.
- (e) Failure to agree on an equitable adjustment shall be addressed under the **DISPUTES** clause at Section 1.6. In any event, Subcontractor has a duty to proceed with its performance under the Subcontract pending resolution of the dispute, and nothing in the clause shall excuse Subcontractor from proceeding with the Subcontract as changed.

1.6 DISPUTES

- (a) In the event of any dispute or disagreement arising under or relating to the Subcontract, the Parties agree to make diligent and reasonable attempts to resolve through negotiations all such disputes or disagreements prior to resorting to any remedy available in law or equity. However, any dispute that is not settled to the mutual satisfaction of both Parties, within thirty (30) calendar days from the date of receipt of the written notice of a dispute, shall be resolved in a court of competent jurisdiction, unless relief is available under the Prime Contract, in which case the dispute shall be resolved as set forth in Section 1.6(b) below. Notwithstanding the dispute or disagreement, and pending final resolution, Subcontractor agrees to proceed with the performance of the Subcontract to the extent directed by Delfasco. Nothing contained in this clause shall prevent either Party from obtaining prompt, injunctive relief when necessary to prevent irreparable injury.
- (b) This Section 1.6 (b) shall govern any disputes that are based on any action or inaction of the Government for which relief is available from the Government under the Disputes clause of Delfasco's Prime Contract. Any action or decision by a contracting officer that relates to Subcontractor's work or Articles delivered hereunder shall be binding upon Subcontractor. Delfasco shall notify Subcontractor promptly of any such action or decision, and agrees to sponsor any claim or appeal submitted by Subcontractor with respect to the same, provided that Subcontractor provides all certifications required by the Dispute clause and Delfasco reasonably believes that Subcontractor's claim or appeal is asserted in good faith and is not false or

fraudulent. Any decision upon such claim or appeal, if binding upon Delfasco, shall be binding upon Subcontractor as it relates to this Subcontract. If any appeal is taken by Delfasco on Subcontractor's behalf, whether at its election or at Subcontractor's request, Subcontractor shall assist Delfasco in its prosecution thereof in every reasonable manner and Subcontractor shall be afforded reasonable opportunity to participate in the prosecution thereof to the extent Subcontractor's interest may be affected. To the extent requested by Delfasco, Subcontractor shall prosecute for Delfasco any appeal brought at Subcontractor's request and, in such event, Delfasco shall assist Subcontractor in every reasonable manner. All costs and expenses, including attorney's fees, incurred by Delfasco and Subcontractor in prosecution of any appeal brought at Subcontractor's request shall be paid by Subcontractor. The rights and obligations herein shall survive termination, expiration and completion of and final payment under this Subcontract. Pending the resolution of any dispute, the Subcontractor shall proceed diligently with the performance of this Subcontract. Except for the payment of Subcontractor claims for which Delfasco is paid by the Prime Contract customer, Delfasco shall have no liability to Subcontractor for any action or inaction of the Prime Contract customer or any information, misinformation, data or property provided by the Prime Contract customer, even if passed on through Delfasco, for use in connection with this Subcontract, or any requirement imposed by the Prime Contract customer on work that is performed by Subcontractor. Delfasco's sole liability for the items set forth in the preceding sentence shall be to pay Subcontractor any amounts received for claims asserted by Subcontractor through Delfasco under this clause.

1.7 COUNTERFEIT WORK

- (a) For purposes of this clause, Work consists of those parts delivered under this Subcontract that are the lowest level of separately identifiable items (e.g., Articles, components, goods, and assemblies). "Counterfeit Work" means Work that is or contains items misrepresented as having been designed and/or produced under an approved system or other acceptable method. "Counterfeit Work" also includes an unlawful or unauthorized reproduction, substitution, or alteration that has been knowingly mismarked, misidentified, or otherwise misrepresented to be an authentic, unmodified electronic part from the original manufacturer, or a source with the express written authority of the original manufacturer or current design activity, including an authorized aftermarket manufacturer. "Counterfeit Work" includes approved Work that has reached a design life limit or has been damaged beyond possible repair, but is altered and misrepresented as acceptable.
- (b) Subcontractor shall not deliver Counterfeit Work to Delfasco under this Subcontract.
- (c) Subcontractor shall only purchase products to be delivered or incorporated as Work to Delfasco directly from the Original Component Manufacturer (OCM)/Original Equipment Manufacturer (OEM), or through an OCM/OEM authorized distributor chain. Work shall not be acquired from independent distributors or brokers without Delfasco's prior, written approval.
- (d) Subcontractor shall immediately notify Delfasco in writing with the pertinent facts if Subcontractor becomes aware or suspects that it has delivered Counterfeit Work. When requested by Delfasco, Subcontractor shall provide OCM/OEM documentation that authenticates traceability of the affected items to the applicable OCM/OEM.
- (e) This clause applies in addition to any quality provision, specification, statement of work or other provision included in this Subcontract addressing the authenticity of Work. To the extent such provisions conflict with this clause, this clause prevails.
- (f) In the event that Work delivered under this Subcontract constitutes or includes Counterfeit Work, Subcontractor shall, at its expense, promptly replace such Counterfeit Work with genuine Work conforming to the requirements of this Subcontract. Notwithstanding any other provision in this Subcontract, Subcontractor shall be liable for all costs relating to the removal and replacement of Counterfeit Work, and any claims by Delfasco's customer relating to the Counterfeit Work, including, without limitation, Delfasco's costs of removing Counterfeit Work, of installing replacement Work and of any testing necessitated by the reinstallation of Work after Counterfeit Work has been exchanged. The remedies contained in this paragraph are in addition to any remedies Delfasco may have at law, equity or under other provisions of this Subcontract.
- (g) Subcontractor shall include paragraphs (a) through (e) and this paragraph (g) of this clause or equivalent provisions in Lower Tier Subcontracts for the delivery of items that will be included in or furnished as Work to Delfasco.

1.8 ON-SITE REPRESENTATION

In the event Delfasco assigns a Delfasco on-site representative for the Subcontract, the Subcontractor shall provide the use of office space, office supplies, furnishings, telephones, etc., for the contract period of performance or as mutually agreed to by Delfasco and Subcontractor. Delfasco's on-site representative shall interface with the Subcontractor and monitor all aspects of Subcontractor's progress and performance to ensure compliance with specific technical, quality, and schedule requirements contained within the Subcontract.

1.9 TECHNICAL ASSISTANCE

Delfasco's engineering and technical personnel may, from time to time, render assistance or give technical advice to, or affect an exchange of information with Subcontractor's personnel in a liaison effort concerning the Articles to be provided under the Subcontract. Such an exchange of information or advice given shall not authorize Subcontractor to change the Articles or the provisions of the Subcontract. No change shall be made without the prior written consent of Delfasco's Procurement Representative.

1.10 WAIVERS/APPROVALS

- (a) No waiver, alteration, or modification of any of the provisions of the Subcontract shall be binding on Delfasco unless evidenced by a written change or modification to the Subcontract signed by Delfasco's Procurement Representative or other authorized individual.
- (b) Delfasco's approval of Subcontractor's design, drawings, or specifications shall not relieve Subcontractor of the warranties or any other requirements of the Subcontract. Waivers by Delfasco of any drawings or specification requirements for one or more Articles shall not constitute a waiver of such requirements for the remaining Articles unless so stated in writing by Delfasco. The provisions of the clause shall not limit or affect the rights of Delfasco under the **ACCEPTANCE** clause at Section 1.20.

1.11 SUSPENSION OF WORK

- (a) Delfasco's Procurement Representative may, by written order, suspend all or part of the work to be performed under the Subcontract for a period of up to six (6) months. Within such period of any suspension of work, Delfasco's Procurement Representative shall, in writing:
 - (1) Cancel the order suspending work;
 - (2) Terminate the Contract in accordance with the **TERMINATION FOR CONVENIENCE** clause at Section 1.12, or the **TERMINATION FOR DEFAULT** clause at Section 1.13; or
 - (3) Extend the stop work period.
- (b) Upon receipt of such an order, Subcontractor shall immediately comply with its terms and take all reasonable steps to minimize incurring costs (including stand-by costs) allocable to the work covered by the order during the work stoppage.
- (c) Subcontractor shall immediately resume work whenever a suspension is canceled or the stop work period or its extensions expires.
- (d) Delfasco and the Subcontractor shall negotiate an equitable adjustment in Subcontract price or schedule or both, if:
 - (1) The Subcontract is not terminated;
 - (2) The suspension results in a change in Subcontractor's cost of performance or ability to meet the Subcontract delivery schedule; and,
 - (3) in the case of Subcontractor equitable adjustment requests, Subcontractor submits a request for equitable adjustment within thirty (30) calendar days after the suspension is canceled.

1.12 TERMINATION FOR CONVENIENCE

- (a) Delfasco may terminate performance of work under the Subcontract in whole or, from time to time, in part when it is in Delfasco's interest to do so. Delfasco shall terminate by issuing to the Subcontractor a Notice of Termination specifying the extent of termination and the effective date.
- (b) After receipt of a Notice of Termination, and except as directed by Delfasco, the Subcontractor shall immediately proceed with the following obligations:
 - (1) Stop work as specified in the Notice of Termination.
 - (2) Place no further Lower Tier Subcontracts or orders except as necessary to complete the continued portion of the Subcontract.
 - (3) Terminate all Lower Tier Subcontracts to the extent they relate to the work terminated.
 - (4) Complete performance of the work not terminated.
 - (5) As directed by Delfasco, transfer title and deliver to Delfasco:

- (i) The fabricated or unfabricated parts, work in process, completed work, Articles, supplies, and other material produced or acquired for the work terminated, and
- (ii) The completed or partially completed plans, drawings, information, and property that, if the Subcontract had been completed, would be required to be furnished to Delfasco.

(6) Comply with the instructions by Delfasco in the Notice of Termination and any subsequent written instructions.

- (c) After termination, Subcontractor shall submit a final termination settlement proposal for equitable adjustment to Delfasco in the form and with the certifications prescribed by Delfasco. Subcontractor shall submit the proposal promptly, but no later than ninety (90) calendar days of the Notice of Termination, unless extended in writing by the Delfasco Procurement Representative upon written request of the Subcontractor within the 90-day period. If Delfasco determines that the circumstances justify it, a termination settlement proposal may be received and acted on after the 90 days or any extension. If the Subcontractor fails to submit the proposal within the time allowed, Delfasco may determine, on the basis of information available, the amount, if any, due the Subcontractor because of the termination and shall pay the amount determined. Such determination shall be conclusive.
- (d) Subject to paragraph (c) of this Section, the Subcontractor and Delfasco may agree upon the whole or any part of the amount to be paid or remaining to be paid because of the termination. The amount may include a reasonable allowance for profit on work completed; however, the agreed amount may not exceed the total Subcontract price as reduced by:
 - (1) The amount of payments previously made; or
 - (2) The Subcontract price of work not terminated.

The Subcontract may be modified and the Subcontractor paid the agreed amount subject to (1) and (2) above.

- (e) If the Subcontractor and Delfasco fail to agree on the entire amount to be paid because of the termination of work, Delfasco shall pay the Subcontractor the amounts determined by Delfasco to be due the Subcontractor. Failure of the Parties to reach agreement shall be a dispute under **DISPUTES** clause at Section 1.6. A dispute shall not excuse continued performance on the non-terminated portion of the Subcontract.

1.13 TERMINATION FOR DEFAULT

- (a) Delfasco may, subject to paragraphs (d) and (e) of the clause, by written notice of default to the Subcontractor, terminate the Subcontract in whole or in part based upon any of the following default conditions:
 - (1) Subcontractor fails to deliver the Articles within the time specified in the Subcontract or any extension granted by Delfasco in writing,
 - (2) Subcontractor fails to make progress, so as to endanger performance of the Subcontract,
 - (3) Subcontractor fails to provide written assurances of performance after such assurances are requested by Delfasco,
 - (4) Subcontractor or its employees or agents engage in conduct in violation of laws applicable to fraud or public contracting in performance of this Subcontract,
 - (5) The cessation of Subcontractor's operations in the normal course of business,
 - (6) Insolvency of Subcontractor or the entering into or filing by or against Subcontractor of a petition, arrangement, or proceeding seeking an order for relief under the bankruptcy laws of the United States, a receivership for any of the assets of the Subcontractor, a composition with or assignment for the benefit of creditors, a readjustment of debt, or the dissolution or liquidation of Subcontractor, or
 - (7) Subcontractor fails to perform any of the other provisions of the Subcontract.
- (b) Delfasco shall notify Subcontractor in writing of the default condition and, to the extent such condition is curable, shall allow Subcontractor ten (10) calendar days (or less time to the extent dictated under the circumstances) within which to effect a cure. If the condition is cured within the allowed period, this Subcontract shall remain in full force and effect. If the default condition remains uncured beyond the allowed period or is otherwise deemed incurable, Delfasco may terminate this Subcontract, in whole or in part by written notice of termination to Subcontractor. The foregoing does not require Delfasco to provide a cure notice for any late delivery.
- (c) If Delfasco terminates the Subcontract in whole or in part, it may acquire from another source, under the terms and in the manner Delfasco considers appropriate, Articles or services similar to those terminated, and the Subcontractor will be liable to Delfasco for any excess costs of those Articles or services. The Subcontractor shall continue the work not terminated.
- (d) Except for defaults of Subcontractor's Lower Tier Subcontractors, the Subcontractor shall not be liable for any excess costs

if the failure to perform the Subcontract arises from causes beyond the control and without the fault or negligence of the Subcontractor. Examples of such causes include (1) acts of God or of the public enemy, (2) acts of the Federal Government in either its sovereign or contractual capacity, (3) fires, (4) floods, (5) epidemics, (6) quarantine restrictions, (7) strikes, (8) freight embargoes, and (9) unusually severe weather. In each instance the failure to perform must be beyond the control and without the fault or negligence of the Subcontractor.

- (e) If the failure to perform is caused by the default of Subcontractor's subcontractor at any tier, and if the cause of the default is beyond the control of both the Subcontractor and the Lower Tier Subcontractor, and without the fault or negligence of either, the Subcontractor shall not be liable for any excess costs for failure to perform, unless the subcontracted Articles were obtainable from other sources in sufficient time for the Subcontractor to meet the required delivery schedule.
- (f) If the Subcontract is terminated for default, Delfasco may require the Subcontractor to transfer title and deliver to Delfasco, as directed by Delfasco, any (1) completed Articles, (2) partially completed Articles and (3) any materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights, (collectively referred to as manufacturing materials in this clause) that the Contractor has specifically produced or acquired for the terminated portion of this contract. Upon direction of Delfasco, the Subcontractor shall also protect and preserve property in its possession in which Delfasco has an interest.
- (g) Delfasco shall pay the Subcontract price for completed Articles delivered and accepted. Subcontractor and Delfasco shall agree on the amount of payment for the manufacturing materials delivered and accepted and for the protection and preservation of the property. Failure to agree will be a dispute under the **DISPUTES** clause at Section 1.6. Delfasco may withhold from these amounts any sum Delfasco determines to be necessary to protect Delfasco against loss because of claims arising as a result of Subcontractor's default, outstanding liens or claims of former lien holders.
- (h) If, after termination, it is determined that the Subcontractor was not in default, or that the default was excusable, the rights and obligations of the Parties shall be the same as if the termination had been issued for the convenience of Delfasco.
- (i) Subcontractor agrees that any assistance given by Delfasco on the Subcontract or any acceptance of delinquent or nonconforming items will be solely for the purpose of mitigating damages. It is not the intention of Delfasco to condone any delinquency, waive any defect, or waive any rights Delfasco has under the Subcontract.
- (j) The rights and remedies of Delfasco in the clause are in addition to any other rights and remedies provided by law or under the Subcontract.

1.14 DELFASCO/PRIME CONTRACT CUSTOMER-FURNISHED PROPERTY

- (a) Delfasco shall furnish to Subcontractor, at the time(s) and location(s) stated in the Subcontract, any Delfasco/Prime Contract customer-furnished property described in the Subcontract. If that property, suitable for its intended use, is not delivered to the Subcontractor, Delfasco shall equitably adjust the affected provisions of the Subcontract in accordance with the **CHANGES** clause at Section 1.5, when:
 - (1) Subcontractor submits a timely written request for an equitable adjustment, or
 - (2) The facts warrant an equitable adjustment.
- (b) Title to Delfasco/Prime Contract customer-furnished property shall remain in Delfasco/or such entity as Delfasco shall designate. Subcontractor shall use the Delfasco/Prime Contract/customer-furnished property only in connection with the Subcontract. Subcontractor shall maintain adequate property control records in accordance with sound industrial practice and shall make such records available for Delfasco inspections at all reasonable times.
- (c) Upon delivery of Delfasco/Prime Contract customer-furnished property to Subcontractor, Subcontractor assumes the risk and responsibility for its loss or damage, except:
 - (1) For reasonable wear and tear; (or)
 - (2) To the extent property is consumed in performing the Subcontract; (or)
 - (3) As otherwise provided for by the provisions of the Subcontract.
- (d) Subcontractor shall promptly notify the Delfasco Procurement Representative if Delfasco/Prime Contract customer-furnished property is lost, damaged, or destroyed.
- (e) Upon completing the Subcontract, Subcontractor shall follow the instructions of Delfasco regarding the disposition of Delfasco/Prime Contract customer-furnished property not consumed in performing the Subcontract or previously delivered

to Delfasco.

- (f) Delfasco/Prime Contract customer and all its designees shall have access at all reasonable times to the premises in which any Delfasco/Prime Contractor customer property is located for the purpose of inspecting the Delfasco/Prime Contract customer property.
- (g) Subcontractor shall keep Delfasco informed of the status of Government approval of its Property Control System. In the event that Subcontractor's approved system becomes "unsatisfactory", or the Government judges more than five separate categories of the system as "unsatisfactory", Subcontractor shall notify Delfasco immediately and provide a copy of the findings and the proposed Corrective Action Plan. If/when new Government property items are added to the Subcontractor's records, the Subcontractor shall furnish Delfasco with copies of purchase orders, work orders, receiving reports, or other pertinent data needed to facilitate the process of adding items to the official Government property records.

1.15 COMPLIANCE WITH OCCUPATIONAL SAFETY AND HEALTH ACT (OSHA)

Articles delivered under the Subcontract shall be in compliance with OSHA standards. Subcontractor agrees, at its sole expense, to repair, modify, or replace any Articles not in compliance with OSHA standards, and to hold harmless and indemnify Delfasco and its customers from any liability and expense (including attorney's fees) by reason of property damage or personal injury (including death) occasioned in whole or part from a violation of OSHA standards.

1.16 ELIMINATION OF OZONE-DEPLETING SUBSTANCES

Lower Tier Subcontracts shall not contain any specification or requirement that can only be met by, or require the use of, a Class I ozone-depleting substance unless such use is specifically authorized in writing by Delfasco.

1.17 PACKING, MARKING, AND SHIPPING

Unless otherwise specified in the Subcontract:

- (a) All articles shall be packed, marked, and shipped in accordance with good commercial practices to ensure protection in shipment and storage. Subcontractor shall be liable for any expense incurred by Delfasco as a result of improper preservation, packaging, packing, marking, or method of shipment and shall reimburse Delfasco for any such expenses.
- (b) Subcontractor shall strictly comply with the delivery requirements of the Subcontract. In the event of Subcontractor's failure to so comply with the delivery requirements, Delfasco may, in addition to all other remedies, require Subcontractor, at Subcontractor's expense, to ship articles via air freight or expedited routing to avoid or minimize delay.

1.18 HAZARDOUS MATERIALS PACKING CERTIFICATION OF EQUIVALENCY

Prior to bringing any hazardous material or chemical (as determined by OSHA regulation at 29 CFR Section 1910.1200(d)) onto Delfasco's property or work sites, Subcontractor shall provide to Delfasco, under separate cover, a "Material Safety Data Sheet" for each such material or chemical. The Material Safety Data Sheet shall be OSHA Form 20 or equivalent, containing all of the information required by 29 CFR Section 1910.1200 (g).

1.19 INSPECTION

- (a) Subcontractor shall provide and maintain an inspection system in accordance with sound business practices and as otherwise provided in the Subcontract. Records of all inspection work by Subcontractor shall be kept complete and available to Delfasco and its customer during the performance of the Subcontract and for six (6) years after final payment, and in such manner as may be specified elsewhere in the Subcontract.
- (b) At no additional cost to Delfasco, Articles shall be subject to inspection, surveillance and test at reasonable times and places, including Subcontractor's and its subcontractors' locations. Delfasco and its customer shall perform inspections, surveillance and tests so as not to unduly delay the work.
- (c) If Delfasco or its customer performs an inspection or test on the premises of Subcontractor or its Lower Tier Subcontractors, Subcontractor shall furnish, and require its Lower Tier Subcontractors to furnish, without additional charge, reasonable data, facilities, access and assistance for the safe and convenient performance of these duties. Subcontractor shall inform Delfasco when the work is ready for inspection.

1.20 ACCEPTANCE

- (a) Delfasco shall accept Articles or give Subcontractor notice of rejection within a reasonable time, notwithstanding any payment or prior test or inspection. No inspection, test, delay or failure to inspect or test, or failure to discover any defect or other nonconformance shall relieve Subcontractor of any obligations under the Subcontract or impair any rights or remedies of Delfasco or its customer.
- (b) In case any Article or lot of Articles is defective in material or workmanship, or otherwise not in strict conformance with the requirements of the Subcontract, Delfasco shall have the right either to reject it, require its correction, or accept it with an equitable adjustment in price or other consideration. Delfasco's acceptance of a nonconforming Article does not release Subcontractor from its warranty or from its obligation to correct defects that are latent, or that result from fraud, gross mistakes amounting to fraud or as otherwise provided in the Subcontracts. Any Article that has been rejected or requires correction shall be replaced or corrected by, and at the expense of the Subcontractor, including transportation charges. If, after notice by Delfasco, Subcontractor fails to promptly replace or correct any defective Article within the contractual delivery schedule, Delfasco may:
 - (1) By contract or otherwise, replace or correct such Article and charge to Subcontractor the cost incurred by Delfasco;
 - (2) Without further notice terminate the Subcontract in accordance with the **TERMINATION FOR DEFAULT** clause at Section 1.13; or
 - (3) Require a reduction in price that is equitable under the circumstances.

1.21 WARRANTY

- (a) Subcontractor warrants that all Articles furnished under the Subcontract shall be free from defects in materials and workmanship. To the extent Articles are not manufactured pursuant to detailed designs furnished by Delfasco, the Articles shall be free from defects in design and fit for their intended purpose. The foregoing warranties are in addition to all other warranties, either express or implied, and shall survive inspection, test, acceptance of, and payment for the Articles. The warranty shall run to Delfasco and its successors, assigns, and customers. Unless a different period is set forth elsewhere in the Subcontract, the warranty shall extend for a period of one (1) year after final acceptance by Delfasco.
- (b) If the Articles delivered under the Subcontract will be incorporated into an end item to be delivered to Delfasco's customer, Subcontractor's obligation under the clause shall extend to one (1) year after delivery of the end item to Delfasco's customer. All warranties shall extend to Delfasco and its customers. The expiration of the warranty period shall not affect the Subcontractor's liability to correct defects that are latent, or that result from fraud, gross mistakes amounting to fraud or as otherwise provided in the Subcontract.
- (c) If any Article delivered under the Subcontract does not meet the warranties or requirements specified herein, Delfasco may, at its election:
 - (1) Require Subcontractor to correct, at no cost to Delfasco, any defective or nonconforming Article by repair or replacement;
 - (2) Return the defective or nonconforming Article to Subcontractor and recover from Subcontractor the Subcontract price of the Article, plus transportation charges; or
